Learn Provides Value to Your Organization

What You'll Get from the Learn Platform

It includes **39 modules of easy-to-understand content, including video and quizzes, to provide a complete understanding of DISC, 12 Driving Forces® and Emotional Quotient.** The intention of Learn is to teach you everything you need to know to become familiar with and fully understand our sciences.

Why Learn is the Product for You

The Learn platform makes learning simple! Learn enables you to start using TTI SI's valuable tools to improve employee engagement and productivity. As you progress through the learning modules, your executive coach/consultant will be able to monitor your progress and provide any help needed along the way.

The Benefits of Using Learn

- 24/7 access to short, easy-to-understand learning modules
- Springboard for improving employee interaction and engagement
- Interactive training module that encourages retention of information
- The simplicity of one platform for training and certification
- Teaches valuable workplace concepts such as how to reduce conflict, improve communication and best leadership practices

Reasons to Get Trained

- Increase productivity by hiring the right talent and engaging employees
- Make your teams more productive
- Learn the sciences at your own pace
- Train a large number of employees in your organization
- Cultivate a cohesive workforce

*Understanding your team leads to better employee experiences, higher employee engagement and boost productivity. **Are you ready to use Learn to realize your organization's potential?***
